

2018 Insurance Summary

for South Carolina's public employees

Welcome

South Carolina public employees help make the Palmetto State a better place — and PEBA helps make life better for public employees. PEBA offers several insurance programs to more than 483,000 people, including spouses and dependents.

The *Insurance Summary* provides a concise overview of your 2018 insurance benefits. Eligible employees are those who:

- Work for the state, a higher education institution, a public school district or a participating local subdivision like a county government or municipality; and
- Receive compensation from the state, a higher education institution, a public school district or a participating local subdivision.

Your health and pharmacy benefits at your fingertips

When you're a member of the State Health Plan, you have one convenient place to find answers about your benefits. My Health Toolkit is a one-stop destination for managing your health benefits. You can also access your Express Scripts account directly from My Health Toolkit.

Learn more about your coverage

Look up your medical coverage, deductible and out-of-pocket spending.

Check medical claims

View the status of any current or previous medical claim, the date of service, the amount charged by your provider and the amount you may owe.

Check dental claims

Look up your dental coverage, deductible and out-of-pocket spending on dental care.

Replace your identification card

You can easily order a new one or access an electronic version.

Manage your prescriptions

You're just a click away from all your medication details. Select the **Benefits** link on your My Health Toolkit homepage to access your Express Scripts account. From there, select **Express Scripts**. You can see claims and payment history, find and compare drug prices, check to see if a medication is subject to clinical rules, see your prescription order status, order a temporary ID card and much more.

Improve your health with Rally

Sign up for Rally, a digital health platform that makes it easier for you to improve and maintain your overall health. Based on your responses to a quick health survey, you'll get personalized recommendations to help you move more, eat better and feel great.

Find a doctor or hospital

Use the **Doctor and Hospital Finder** to view a list of network doctors and medical facilities in your area. Filter your search and compare results side by side. You can even view feedback from other members about a specific doctor.

If you have any questions about your My Health Toolkit account, call BlueCross® BlueShield® of South Carolina at **877.274.1715**.

Helpful terms

Insurance lingo can be confusing. But it's important to understand your benefits and how they work. Here are some terms you may need to know.

Allowed amount The maximum amount a provider can be reimbursed for a covered service.

Benefits The items or services covered by your insurance plan.

Claim A request for payment that you or your provider submits after you receive services.

Coinsurance This is a percentage of the cost of health care you pay after you meet your deductible. For example, say the State Health Plan's allowed amount for an office visit is \$112 and the member has met his deductible. After a Standard Plan member pays the \$12 copayment, his coinsurance payment of 20 percent would be \$20. The health plan pays the rest of the allowed amount, or \$80.

Coinsurance maximum The amount of coinsurance you are required to pay each year before you are no longer required to pay coinsurance.

Copayment The fixed amount you pay for a covered health care service or drug. Standard Plan members pay prescription drug copayments and copayments for office visits, emergency care and outpatient facility services. Savings Plan members do not pay copayments.

Coverage review A blanket term for the different types of processes the State Health Plan uses to ensure the safe and effective use of prescription drugs and to encourage the use of lower-cost alternatives when possible.

Deductible The amount you pay for covered services before your health plan begins to pay.

Dependent An eligible child or spouse covered by your health plan.

National Preferred Formulary The formulary, or list of preferred drugs, used by Express Scripts.

Network A group of facilities, providers and suppliers under contract to provide care for people covered by a health, dental or vision plan.

Out-of-pocket costs These are your costs for expenses that aren't reimbursed by insurance. Out-of-pocket costs include deductibles, coinsurance and copayments for covered services, plus all costs for services that aren't covered.

Preauthorization A decision that a service, prescription drug or piece of equipment is medically necessary. Certain services and medications require preauthorization before you receive them except in an emergency. You may also hear this referred to as precertification or prior authorization.

Premium The amount you pay for insurance coverage.

Provider This can refer to the medical professional who delivers care or the location where you receive health care services.

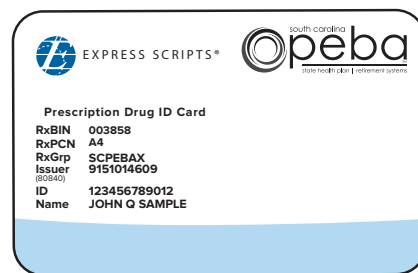

You're covered with membership ID cards

You receive insurance cards for health, prescription, dental and vision benefits. Be sure to keep your cards with you at all times and show them to your provider or pharmacy as necessary. Only the subscriber's name will be on the cards, but all covered family members can use them.

Explanation of Benefits

Be a smart health care consumer. Look at your Explanation of Benefits (EOB) after you receive services. To make sure you don't pay more than you should, compare your doctor's bill to the amount listed on your EOB.

What's an EOB?

This is a report that's created whenever the State Health Plan processes a claim. An EOB shows you:

- How much your provider charged for services.
- How much the State Health Plan paid.
- The amount you will be responsible for, such as your copayment, deductible and coinsurance.
- The total amount you may owe the provider (does not include any amount you've already paid).

EOB: Page 1

1. Summary information

This is a view of the total amount of charges from all health care providers, the amount the State Health Plan paid and the amount you may owe or have already paid to providers. Your deductible is the amount of charges that you are responsible for paying before insurance will pay for covered expenses. Your out-of-pocket maximum is the amount you could pay for covered services per benefit period.

2. Detail information

Here you'll see the provider's name and network affiliation, the type of service provided, the service date and the claim number. You'll also find the total charges for the claim(s) from providers and the amount covered by the State Health Plan. There is also an itemized list of charges you will be responsible for, such as your copayment, deductible and coinsurance.

RALLY®

Value-based benefits at no cost to you

It's always better to address a health issue before it becomes a health crisis. Take advantage of these value-based benefits at no cost to you. These benefits can help make it easier for you and your family to stay healthy.

Preventive screening

Identifying health issues early can prevent serious illness and help save you money. This benefit, worth more than \$300, allows you to receive a biometric screening at no cost.

Flu vaccine

The flu affects between 5 and 20 percent of the U.S. population each year. An annual flu vaccine is the best way to reduce your risk of getting sick and spreading it to others.

Adult vaccinations

Vaccines are one of the safest ways to protect your health and the health of those around you. The State Health Plan covers adult vaccinations based on age, interval and medical history recommendations from the Centers for Disease Control.

Well-child benefits (exams and immunizations)

This benefit aims to promote good health and prevention of illness in children. Covered children through age 18 are eligible for this benefit. The State Health Plan covers recommended doctor visits and immunizations at network providers.

Colorectal cancer screening

Colorectal cancer is the second-most common cause of cancer deaths in the U.S. The State Health Plan covers the cost for both diagnostic and routine screenings based on age ranges recommended by the United States Preventive Services Task Force.

Cervical cancer screening

Cervical cancer deaths have decreased since the implementation of widespread cervical cancer screenings. The State Health Plan allows women ages 18-65 to receive a Pap test each calendar year at no cost. For women ages 30-65, the Plan covers the HPV test in combination with a Pap test once every five years at no cost.

No-Pay Copay

No-Pay Copay encourages members to be more engaged in their health — and saves them money. This program allows members with certain conditions to receive generic drugs at no cost. By completing certain activities in Rally each quarter, members can receive certain generic drugs the next quarter at no cost. Covered conditions include:

- High blood pressure and high cholesterol
- Cardiovascular disease, congestive heart failure and coronary artery disease
- Diabetes

Mammography

A mammogram is an important step in taking care of yourself. This benefit provides one baseline routine mammogram (four views) for women ages 35-39. Women ages 40 and older can receive one routine mammogram (four views) each calendar year. The State Health Plan also covers diagnostic mammograms.

Diabetes education

Managing your diabetes can help you feel better. It can also reduce your chance of developing complications. This benefit provides diabetes education through certified diabetes educators.

Tobacco cessation

This benefit provides enrollment in the Quit For Life® program at no cost. It also includes a \$0 copay for some tobacco cessation drugs to eligible participants.

Breast pump

This benefit provides members with certain electric or manual breast pumps at no cost. Members can learn how to get a breast pump by enrolling in our maternity management program, Coming Attractions.

Get care when you need it with video visits

Blue CareOnDemand is a faster, easier way to see a doctor. State Health Plan primary members can consult licensed health care professionals 24/7/365 through the convenience of video visits.

Blue CareOnDemand is a network service, even if you are out of the state. Therefore, it is covered as a traditional office visit under the State Health Plan.

For example, if you have the Standard Plan, a visit before you meet your deductible can total \$59, and after you meet your deductible, your visit can cost as little as \$21.40.

When to use it

Blue CareOnDemand is a great solution when:

- You need to see a doctor, but can't fit it into your schedule.
- Your doctor's office is closed.
- You or your child feel too sick to leave the house.
- You're traveling.

Licensed health care professionals can treat many of the most common health conditions through video visits, including:

- Allergies
- Bronchitis and other respiratory infections
- Cold and flu symptoms
- Migraines
- Sinus problems
- Skin irritations
- Urinary tract infections
- And more!

The doctor can even write prescriptions if needed.

How to register

There are two easy ways to access Blue CareOnDemand:

- Visit www.BlueCareOnDemandSC.com.
- Download the Blue CareOnDemand mobile app for your Apple or Android device.

Register and create a patient profile today. That way, the next time you need care, the doctor is only a few clicks away.

Go to www.peba.sc.gov/bluecareondemand.html to learn more about Blue CareOnDemand.

Where should you go when you need care?

Your primary care physician should be your first call for routine medical care. But what if your doctor's office is closed? Or it's an emergency? Avoid needless worry, out-of-pocket expenses and hours sitting in the emergency room by becoming familiar with your health care options.

You've got a health coach in your corner

Ready to get on track with your health but not sure where to start? You don't have to figure it out on your own. Adults age 18 and older can get one-on-one coaching from a health care professional at no cost.

Chronic conditions

Managing a chronic condition can be difficult. A health coach can help you better understand your condition and the steps you can take to achieve your best health.

- Asthma¹
- Chronic obstructive pulmonary disease (COPD)
- Congestive heart failure
- Coronary artery disease
- Diabetes
- Hyperlipidemia (high cholesterol)
- Hypertension (high blood pressure)
- Migraine

Healthy lifestyles

A health coach can help you achieve a healthier lifestyle. Your coach will help you create a personalized action plan for meeting your goals.

- Back health
- Metabolic health
- Stress management
- Weight management¹

Maternity

Coming Attractions supports mothers throughout their pregnancy and postpartum care. Expectant mothers will connect with a maternity care nurse and receive educational materials throughout their pregnancy and the baby's first year of life. Participants also learn how to receive a breast pump at no cost. We encourage mothers to enroll during their first trimester.

Behavioral health

A health coach will work one-on-one and offer you support. Your coach will encourage you to follow your treatment plan, help you set goals and teach you how to handle symptoms.

- Addiction recovery
- Attention deficit hyperactivity disorder (ADHD)
- Bipolar disorder
- Depression

To connect with a health coach, call 855.838.5897.

¹Health coaching for asthma and weight management is also available for children under age 18.

Patient-centered medical home

A team approach to care helps you reach your goals for better health.

If you have a chronic medical condition, coordinating your health services is important. You might have many doctors and lots of different medications. A patient-centered medical home, or PCMH, can make things easier.

PCMHs use a team approach to deliver care. This approach promotes ongoing, personal relationships between you, your primary care physician and a dedicated care team. The goal is true partnership between patients and providers.

BlueCross BlueShield of South Carolina has PCMH practices across the state. A PCMH is a regular doctor's office that has met special criteria.

PCMHs are helpful for people who have high blood pressure, heart failure or diabetes. But anyone can go to a PCMH. With a medical "home," you can count on a trusted team to provide coordinated care. Care includes basic preventive care to acute care needed in urgent situations.

Benefits of the PCMH approach

- Your health care providers coordinate care to help you reach your health goals.
- You receive personalized, consistent care. You will see a member of your care team who knows you and your history.
- Your PCMH team coordinates results of all your procedures. That way, they have a complete picture of your health.
- Your team can help you manage your health conditions, including getting the preventive and follow-up care you need.
- PCMHs have extended office hours and same-day visits, when necessary.
- You can talk to an on-call physician after hours.

Visit www.StateSC.SouthCarolinaBlues.com to find a PCMH near you.

Savings for you

Standard Plan members do not pay the \$12 copayment for a PCMH office visit. Plus, Savings Plan and Standard Plan members pay a 10 percent coinsurance, rather than 20 percent, after meeting their deductible.

Tobacco-use premium

If you are a State Health Plan subscriber with single coverage and you use tobacco, you will pay an additional \$40 monthly premium. If you have employee/spouse, employee/children or full family coverage and you or anyone you cover uses tobacco, the additional premium will be \$60 monthly.

The premium is automatic for all State Health Plan subscribers unless the subscriber certifies no one he covers uses tobacco or covered individuals who use tobacco have completed the Quit For Life tobacco cessation program.

To certify no one covered by his health insurance uses tobacco and no one has used it during the past six

months, or all covered individuals who use tobacco have completed the tobacco cessation program, the subscriber must complete a *Certification Regarding Tobacco Use* form. If you have not certified or need to change your certification, go to www.peba.sc.gov/iforms.html to find the form under Health insurance. Give the completed form to your benefits administrator, who will send it to PEBA. The certification will be effective the first of the month after PEBA receives the form.

Subscribers need to pay all premiums, including the tobacco-use premium, if it applies, when they are due. If premiums are not paid, coverage for all plans will be canceled effective the last day of the month in which the premiums were paid in full.

¹Premiums for local subdivisions may vary. To verify your rates, contact your benefits office.

²State Health Plan subscribers who use tobacco or cover dependents who use tobacco will pay a \$40 per month premium for subscriber-only coverage and \$60 per month for other levels of coverage. The tobacco-use premium does not apply to TRICARE Supplement subscribers.

³If you enroll in Dental Plus, you must also be enrolled in the State Dental Plan. You will pay the combined premiums for both plans.

⁴A former spouse must have his own policy under the Plan. Coverage for a former spouse can include health, dental and vision as required by the court order. The cost of coverage is the full premium amount.

Call ahead to get the green light for your care

Some medical and behavioral health services need preauthorization for the State Health Plan to provide coverage. This means you or your provider need to make a phone call. Not calling for preauthorization may lead to a \$200 penalty. And your health care coinsurance maximum may not apply to your treatment, which means there may be no cap on the amount you may pay out of pocket. Preauthorization does not guarantee payment.

Medical services

To preauthorize your medical treatment, call Medi-Call at **800.925.9724**.

Contact Medi-Call at least two business days before:

- Inpatient care in a hospital, including admission to a hospital to have a baby
- An outpatient service that results in a hospital admission
- Outpatient surgery for a septoplasty (surgery on the septum of the nose)
- Outpatient or inpatient surgery for a hysterectomy
- Sclerotherapy (vein surgery)
- Chemotherapy or radiation therapy
- Admission to a long-term care facility or nursing facility
- Ordering durable medical equipment
- In vitro fertilization or other infertility procedures
- An organ transplant
- Inpatient rehabilitation services and related outpatient physical, speech or occupational therapy

Pregnancy

You should contact Medi-Call within the first three months of a pregnancy.

Emergencies

In a hospital emergency, you should contact Medi-Call to report your admission as soon as possible.

Behavioral health services

To preauthorize your behavioral services, call Companion Benefit Alternatives at **800.868.1032**.

- Inpatient hospital care
- Intensive outpatient hospital care
- Partial hospitalization care
- Outpatient electroconvulsive therapy
- Repetitive transcranial magnetic therapy
- Applied behavioral analysis therapy
- Psychological/neuropsychological testing

Radiology services

To preauthorize your radiology services, call National Imaging Associates at **866.500.7664**.

- CT scan
- MRI

Savings Plan

Savings Plan members do not pay a copayment when filling prescriptions. You pay the full allowed amount for drugs until you meet your annual deductible. Afterward, the Plan will pay 80 percent of the allowed amount; you pay 20 percent in coinsurance.

Formulary

The formulary is the list of preferred drugs, including some brand drugs and generics. After review, some safe and effective drugs become “preferred” (Tier 2) and other alternatives may become “non-preferred” (Tier 3). Talk to your doctor if you currently use a drug that is not on the preferred list. Doing this can save you money, and using generic drugs may save you even more. Log in to the Express Scripts website, www.Express-Scripts.com, to see if a drug is on the formulary.

Coverage reviews

Express Scripts may need more information than the prescription to determine your coverage. Coverage reviews rely on medical experts and research, and aim to provide drug safety. There are three types of coverage reviews:

- Prior authorizations
- Drug quantity management
- Step therapy

You can log in to the Express Scripts website, www.Express-Scripts.com, to see if a prescription needs a coverage review. To begin a coverage review, call Express Scripts at **855.612.3128**.

EXPRESS SCRIPTS®

Note: Beginning January 1, 2018, members who fill prescriptions for specialty medications must use the Plan's custom credentialed specialty network. The network will include Accredo, Express Scripts' specialty pharmacy, and accredited locally-owned pharmacies.

¹If you obtain a brand-name drug when a generic equivalent is available, you are responsible for the generic copayment plus the cost difference between the brand-name drug and the generic drug.

Care for your pearly whites

Selecting the right dental coverage for you and your family has never been easier. To participate in Dental Plus, you must enroll in the State Dental Plan and cover the same family members under both plans.

The State Dental Plan offers four classes of treatment:

- I. Diagnostic and preventive
- II. Basic
- III. Prosthodontics
- IV. Orthodontics

Dental Plus gives you even more coverage with the added benefit of a higher allowed amount.

- Deeper discounts
- Lower out-of-pocket expenses
- Your annual maximum payment goes further toward necessary treatment

¹A subscriber must submit a letter from his provider for a covered child, age 18 and younger, stating that the child's orthodontic treatment is not for cosmetic purposes for it to be covered by the State Dental Plan.

²\$2,000 is the maximum yearly payment for benefits when a member is enrolled in State Dental Plan and Dental Plus.

Maximize your paycheck with MoneyPlus

MoneyPlus is a tax-favored accounts program, which allows you to save money on eligible medical and dependent care costs. You fund the accounts with money deducted, pretax, from your paycheck.

Pretax Group Insurance Premium feature

This feature allows you to pay premiums from your paycheck before taxes for health, vision, dental and Optional Life. Once you enroll in the pretax premium feature, you don't need to re-enroll each year.

Flexible spending accounts

You authorize deposits from each paycheck to your MoneyPlus account. As you have eligible expenses, you request tax-free withdrawals from your account to reimburse yourself. You can only request reimbursement for expenses incurred during the plan year. Funds left in your account after the reimbursement deadline are forfeited. There are three flexible spending accounts:

- Dependent Care Spending Account
- Medical Spending Account
- Limited-use Medical Spending Account

You must re-enroll in flexible spending accounts each year.

Health savings account

A health savings account is available to Savings Plan participants. You don't have to spend the funds in the year you deposited them. Money from your paycheck accumulates in the account tax-free. You can then use the funds to pay for future qualified medical expenses. An important advantage of a health savings account is that you own it. If you leave your job, you can take the account with you and continue to use it for qualified medical expenses.

You can also invest funds for account balances past a certain threshold. This allows you to earn investment income tax-free. Once you enroll in a health savings account, you don't need to re-enroll each year.

2018 contribution limits	
Medical Spending Account ¹	\$2,600
Dependent Care Spending Account ^{1,2}	\$2,500 (married, filing separately) \$5,000 (single and head of household or married, filing jointly)
Health Savings Account	\$3,450 (single) \$6,900 (family) \$1,000 catch-up for ages 55 and older
Reimbursement deadlines	
Medical Spending Account	March 31, 2019
Dependent Care Spending Account	March 31, 2019

¹These are 2017 contribution limits and may change subject to IRS guidelines.

²Highly compensated employees have a lower contribution limit for a Dependent Care Spending Account.

Please note that PEBA is currently working to secure a flexible benefits vendor for 2018.

Prepare for the unexpected with disability coverage

Unexpected events can always occur, and many people think they will never become disabled. PEBA offers disability coverage, administered by Standard Insurance Company (The Standard). Consider these statistics:

- Just over 1 in 4 of today's 20 year olds will become disabled before reaching age 67.¹
- Forty-eight percent of U.S. families do not save any of their annual income.²

Basic long term disability

Eligible employees enrolled in the State Health Plan have basic long term disability protection at no cost. The Basic Long Term Disability (BLTD) Plan helps protect a part of your income if you become disabled.

BLTD Plan benefits summary

- Benefit waiting period: 90 days
- Monthly BLTD benefit³ percentage: 62.5 percent of your predisability earnings, reduced by deductible income
- Maximum benefit: \$800 a month

Supplemental long term disability

This optional disability insurance plan provides more protection for you and your family. The Supplemental Long Term Disability (SLTD) Plan is a voluntary benefit for which you pay.

SLTD Plan benefits summary

- Benefit waiting period: 90 or 180 days
- Monthly SLTD benefit³ percentage: 65 percent of your predisability earnings, reduced by deductible income
- Maximum benefit: \$8,000 a month
- Minimum monthly benefit: \$100 a month

Maximum benefit period

The maximum benefit period is determined by your age when your disability begins.

Age	Maximum benefit period
61 or younger	To age 65, or 3 years, 6 months, whichever is longer
62	3 years, 6 months
63	3 years
64	2 years, 6 months
65	2 years
66	1 year, 9 months
67	1 year, 6 months
68	1 year, 3 months
69 or older	1 year

Grandfathered notice

The S.C. Public Employee Benefit Authority believes the State Health Plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at 803.737.6800 or 888.260.9430.
